2 Presentation of officer reports

2.1 2022-23 Amended Budget

Executive Summary

Purpose

This report recommends Council adopt the 2022-23 Amended Budget, including the final list of forward commitments in priority projects and capital works to form an Amended Budget for management reporting purposes.

Background

The proposed amendments to the 2022-23 Budget are based on sound principles which seek to enhance transparency and accountability of the financial operations of Council. The Amended Budget is for internal management reporting purposes and there are no specific *Local Government Act 2020* requirements within this internal budget process.

The primary aim of the Amended Budget is to identify forward commitments from the prior financial year not stated in the Adopted Budget. The 2022-23 Amended Budget provides opportunity to review the external impacts on the Budget and make amendments where required.

Key Issues

The 2022-23 Adopted Budget was largely based on a post COVID-19 recovery return to normal activity levels and that Council would largely see a return to 'business as normal' in 2022-23, with the impacts of the pandemic lessening.

The 2022-23 Amended Budget includes estimated financial impacts on Council's financial performance due to the ongoing COVID-19 pandemic as well as impacts to the 2022-23 Capital Works program regarding unprecedented building cost escalations.

On Thursday 20 October 2022, a section of the roof structure at the Kew Recreation Centre construction site collapsed. Investigations are currently underway to determine the cause. Construction works are expected to be limited in the 2022-23 year with funding required to be carried forward to the 2023-24 financial year. This has been reflected in the 2022-23 Amended Budget.

Once the full financial implications are known these will be incorporated into the development of the 2022-23 Full Year Forecast and the 2023-24 Annual Budget.

The overall budgeted surplus has decreased by \$4.33 million to a surplus of \$2.28 million.

The major movements in operating income are a net decrease in recurrent income of \$5.56 million primarily due to the ongoing impacts of COVID-19 at Boroondara Leisure and Aquatic Facilities of \$4.22 million and \$3.10 million due to transition of Commonwealth Home Support Services to an external provider at the end of July 2022.

City of Boroondara 3 of 45

This is partially offset by an increase in statutory fees of \$1.27 million primarily due to an increase in parking infringement income and from the introduction of new Building Services statutory fees as well as an increase in managed interest on investments income of \$1.15 million based on forecast investment rates as a result of current market conditions.

Recurrent operating expenditure is expected to increase by a net amount of \$149,000, primarily due to an increase in borrowing costs of \$1.17 million, which is offset by a reduction in employee costs of \$1.48 million due to the transition of Commonwealth Home Support Services to an external provider at the end of July 2022.

Full explanations of the changes to the Income Statement are provided in **Attachment 1.**

Income and expenditure adjustments required for both the Priority Projects and Capital Works Programs have been incorporated into the Amended Budget. Refer **Attachment 2** and **3** respectively.

Amendments to the adopted fees and charges are provided in **Attachment 4** and a charge to one of Council's adopted major initiatives, is proposed in **Attachment 5**.

Officers' recommendation

That Council resolve to:

- 1. Adopt the 2022-23 Amended Budget as identified in **Attachments 1, 2 and 3** (as annexed to the minutes) which will be used for management reporting purposes.
- 2. Note the Forward Capital Works program to be included as part of the review of Council's Long Term Financial Plan for allocation in 2023-24, 2024-25 and 2025-26 included in **Attachment 3** (as annexed to the minutes).
- 3. Adopt the amendments to the fees and charges included in **Attachment 4** (as annexed to the minutes).
- 4. Adopt the amendment to the 2022-23 Major initiative included in **Attachment 5** (as annexed to the minutes).

1. Purpose

This report recommends Council adopt the 2022-23 Amended Budget including the final list of forward commitments in priority projects and capital works to form an Amended Budget for management reporting purposes.

2. Policy implications and relevance to community plan and council plan

This report is consistent with the Boroondara Community Plan 2021-31, incorporating the 10-year Community Vision, Council Plan 2021-25 and Municipal Public Health and Wellbeing Plan 2021-25 (MPHWP). In particular, the Council Plan theme of Leadership & Governance and the strategy "Resources are responsibly allocated and used through sound financial and asset planning, procurement and risk management practices".

3. Background

The proposed amendments to the 2022-23 Budget are based on sound principles which seek to enhance transparency and accountability of the financial operations of Council. The 2022-23 Amended Budget is for internal management reporting purposes and there are no specific *Local Government Act 2020 requirements* within this internal budget process.

The primary aim of the Amended Budget is to identify forward commitments from the prior financial year not stated in the Adopted Budget. The 2022-23 Amended Budget provides opportunity to review the external impacts on the Budget and make amendments where required.

The 2022-23 Amended Budget includes estimated financial impacts on Council's financial performance due to the ongoing COVID-19 pandemic as well as impacts to the 2022-23 Capital Works program regarding unprecedented building cost escalations.

In accordance with the Council's Financial Strategy Principles amendments to the adopted Budget are considered where:

- Additional income has been received.
- There is a reduction in income due to identified reasons.
- Transactions have been required subsequent to the finalisation of the end of year accounts.
- Expenditure increases match additional income.
- Additional non-discretionary expenses have been identified.
- There is deferred expenditure.
- Sound accounting processes to meet audit requirements.

Income and expenditure adjustments required for both the Priority Projects and Capital Works Programs have been incorporated into the Amended Budget. Refer **Attachment 2** and **3** respectively.

Amendments to the adopted fees and charges are provided in **Attachment 4** and a change to one of Council's adopted major initiatives, is proposed in **Attachment 5**.

4. Outline of key issues/options

Financial

As noted in the June 2022 Quarterly Financial Report the outcome for 2021-22 financial year is reflected in the opening financial position of Council for 2022-23 and included in the 2022-23 Amended Budget.

Attachments 1, 2 and 3 provide a summary of the 2022-23 Amended Budget outcomes.

The overall budgeted surplus has decreased by \$4.33 million to a surplus result of \$2.28 million (refer **Attachment 1** and **2** for explanation).

COVID-19 and construction cost escalations

The 2022-23 Amended Budget has estimated a further \$4.22 million loss of revenue associated with COVID-19 relating to Boroondara Leisure and Aquatic Facilities.

An outcome of the pandemic has seen a new risk emerge in the construction industry with market forces outside of Council's control leading to unprecedented building cost escalations. The context of these issues primarily affects Council's building renewal program where a current practice of assessment and mitigation is undertaken.

The construction industry in Victoria (and more broadly across the country) is experiencing intense and rapid cost escalation for materials and freight, material shortages and delay, restricted and competitive labour, injection of significant government projects both directly and indirectly through grants as well as credit/cash flow risks with construction companies liquidating. These factors, outside of Council control, significantly impact Council's delivery of individual capital works projects within the adopted and foreshadowed budget.

Council remains in a sound financial position but in setting the budget for future years, further adjustments will be required to the capital works program to recognise any impacts of COVID-19 and construction cost escalations on Council's revenue and expenditure.

The major operating movements are as follows:

Recurrent income

A decrease in recurrent income of \$5.56 million primarily due to the following:

- Reduction in user fees income of \$4.86 million primarily due to the ongoing impacts of COVID-19 at Boroondara Leisure and Aquatic Facilities.
- Reduction in grants of \$3.16 million due to transition of Commonwealth Home Support Services to external provider at the end of July 2022.

Partially offset by increases to:

• Increase in statutory fees of \$1.27 million, primarily due to an increase in parking infringement income and from the introduction of new Building Services statutory fees (refer to Attachment 4).

City of Boroondara 6 of 45

• Increase in managed interest on investments income based on forecast investment rates as a result of current market conditions \$1.15 million.

Recurrent expenditure

Recurrent operating expenditure is expected to increase by a net amount of \$149,000 primarily due to the following:

- Borrowing costs \$1.17 million due to the timing of taking out loan borrowings and movements in interest rates.
- Bad and doubtful debts increase of \$322,000 anticipated for parking management. An allowance for doubtful debts in parking management receivables has been provided for and included in Council's financial accounts at 30 June 2022.

Partially offset by a decrease to:

 A net reduction in employee costs of \$1.48 million primarily due to the transition of Commonwealth Home Support Services to an external provider at the end of July 2022.

Non-recurrent income and expenditure

Total proposed net priority projects in 2022-23 is predicted to be \$31.83 million, an increase of \$10.01 million from the 2022-23 Adopted Budget of \$21.81 million primarily due to an additional \$9.06 million final net forward expenditure commitments to the 2022-23 year has been identified, as adopted in the June 2022 Quarterly Financial Report. This also includes an additional \$326,214 in response to the COVID-19 pandemic for continuation of the Pandemic Preparedness project.

Further detail and explanation of priority projects is provided in **Table 2 and 3** of **Attachment 2.**

Total proposed capital works expenditure in 2022-23 is predicted to be \$73.70 million, a decrease of \$5.19 million from the 2022-23 Adopted Budget of \$78.89 million (refer **Attachment 3**). An additional \$5.02 million in net final forward expenditure commitments to the 2022-23 year has been recognised. In addition to this, a net decrease of \$20.37 million relating to expenditure additions and proposed forward commitments to 2023-24.

On Thursday 20 October 2022, a section of the roof structure at the Kew Recreation Centre construction site collapsed. Investigations are currently underway to determine the cause. Construction works are expected to be limited in the 2022-23 year with funding required to be carried forward to the 2023-24 financial year. This has been reflected in the 2022-23 Amended Budget.

Once the full financial implications are known these will be incorporated into the development of the 2022-23 Full Year Forecast and the 2023-24 Annual Budget.

Further detail and explanation of the above is provided in **Table 5 and 6 of Attachment 3.**

Forward Capital Works Program

The following adjustments are proposed to be included as part of the review of Council's Long Term Financial Plan for allocation in 2023-24:

City of Boroondara 7 of 45

A total of \$20.37 million is proposed to be carried forward from 2022-23 for allocation in 2023-24. The following are some of the significant projects to be carried forward:

- Kew Recreation Centre \$12.45 million.
- Canterbury Sportsground \$2.28 million.
- Willsmere Park Pavilion \$2.20 million.
- Frog Hollow Pavilion \$1.20 million.

A total of \$2.13 million is proposed to be carried forward from 2022-23 for allocation in 2024-25. The following are some of the significant projects to be carried forward:

- Canterbury Sportsground \$1.65 million.
- Greythorn Park Pavilion \$300,000.

A total of \$1.52 million is proposed to be carried forward from 2022-23 for allocation in 2025-26 with \$1.00 million for Greythorn Park Pavilion being the most significant project.

Please refer to **Attachment 3** for a detailed explanation of the Capital Works adjustments.

After taking into consideration the 2022-23 Amended Budget adjustments, the predicted end of year cash holdings are forecast to increase by \$28.49 million to \$115.1 million refer **Attachment 1**, which provides a working capital ratio of 1.86 to 1. This projected working capital exceeds VAGO's Financial Sustainability risk assessment criteria of more than 1.0 (low risk).

Reserves and cash contingency

The adjusted working capital ratio is 1.53 to 1 after excluding the following reserve funds/contingencies totalling \$26.42 million:

- Open space development fund (\$15.63 million).
- Defined Benefits Superannuation call up fund (\$9.50 million).
- Cash contingency for emergency response works (0.5% of rates income or \$850,000).
- Strategic Acquisition Fund (\$434,000).

Non-financial

The 2022-23 Amended Budget includes:

- Adjustments to Council's adopted fees and charges which are proposed in Attachment 4.
- A change to one of Council's adopted major initiatives, which is proposed in **Attachment 5**.

5. Consultation/communication

The Executive Leadership Team has reviewed and approved the report.

City of Boroondara 8 of 45

6. Financial and resource implications

The 2022-23 Adopted Budget was largely based on a post COVID-19 recovery return to normal activity levels and that Council would largely see a return to 'business as normal' in 2022-23, with the impacts of the pandemic lessening.

The 2022-23 Amended Budget includes estimated financial impacts on Council's financial performance due to the ongoing COVID-19 pandemic as well as impacts to the 2022-23 Capital Works program regarding unprecedented building cost escalations.

Once the full financial implications are known from the roof collapse at Kew Recreation Centre, these will be incorporated into the development of the 2022-23 Full Year Forecast and the 2023-24 Annual Budget.

Predicted cash and investments at 30 June 2023 are forecast to increase by \$28.49 million (refer **Attachment 1**), which provides a working capital ratio of 1.86 to 1. This projected working capital exceeds VAGO's Financial Sustainability risk assessment criteria of more than 1.0 (low risk).

As part of its financial management principles Council also measures an adjusted working capital ratio which removes the value of Council reserve funds from current assets and includes a contingent amount. Under this approach the working capital ratio falls to 1.53 to 1 which is an increase from Council's 2022-23 Adopted Budget working capital ratio of 1.29 to 1.

Considering these changes, Council's operating and cash flow position is sound and the Budget and Long Term Financial Plan remain low risk when measured against the financial indicators used by the office of Victorian Auditor General.

7. Governance issues

The implications of this report have been assessed in accordance with the requirements of the Victorian Charter of Human Rights and Responsibilities.

8. Social and environmental issues

There are no direct impacts resulting from this report.

2022-23 AMENDED BUDGET ADJUSTMENTS BALANCE SHEET

Note	BALANCE SHEET ITEM	\$'000
11	Current assets	
	Balance sheet items have been revised to reflect the final 2021-22 financial year result.	31,437
12	Non-current assets	
	Movement in non-current assets primarily due to a revision of budget assumptions to reflect the final 2021-22 financial year result, which includes an indexed based revaluation of land undertaken in 2021-22.	319,881
13	Total liabilities (current and non-current)	
	Increase in total liabilities represents the final 2021-22 financial year result, coupled with a revision of budget assumptions in the movement of liabilities forecast for 2022-23 financial year, primarily in trade and other payables and trust funds and deposits.	10,455
14	Equity	
	Movement in equity represents the difference in total assets and total liabilities. It is Council's net worth to the City's ratepayers.	340,863

PRIORITY PROJECTS - PROPOSED FORWARD COMMIT	MENTS			
Environmental Sustainability & Open Spaces				
80953. Parks and Infrastructure Asset Data Capture	\$0	\$20,537	\$20,537	The delay in this project is attributed to recruitment for specialised roles taking longer than anticipated to undertake this project, which has resulted in an altered timeframe for delivery. It is now anticipated that works will be completed by November 2022.
80955. Tree Strategy Action Plan Implementation	\$694,468	\$22,688	\$717,156	Tree renewal projects have undergone a more extensive consultation program than originally anticipated, delaying their implementation. This is a multi-year project for various tree renewals in parks and streets, with Doonkuna and Morotal Avenue, Lemon Road and Mont Albert Road to be completed by June 2023. Further street tree renewals will be carried out in the 2023-24 financial year.
81004. Sustainable Living Festival	\$42,550	(\$925)	\$41,625	The Sustainable Living Festival was postponed to reduce the impacts of ongoing COVID-19 restrictions. As a result the festival will now be held in September 2022.
81021. Occupational Health and Safety (OHS) - Department Safety Plans	\$0	\$10,698	\$10,698	The delay in this project is attributed to recruitment for specialised roles taking longer than anticipated to undertake this project, which has resulted in an altered timeframe for delivery. It is now anticipated that works will be completed early 2022-23.
81033. Energy Safe Victoria (ESV) power line clearance program	\$316,650	\$899,784	\$1,216,434	The considerable underspend has been caused by a combination of factors including the off-cycle pruning program costing around half of what was forecasted due to lower numbers of trees requiring pruning, and engineering solutions being delayed due to lack of progress with powerline companies. The cyclic removals program has been delayed until 2022-23 due to the lack of contractor capacity and higher risk works taking priority. The Energy Safe Victoria audit has been delayed, and it is anticipated that compliance works will be completed in the 2022-23 financial year.
81104. Increased Street Tree Planting	\$168,722	\$71,278	\$240,000	Limited contractor availability for street tree planting has resulted in a slight delay to the original schedule. Planting will now be completed by December 2022.
81120. Climate Action Plan - Sustainability Office - Community Program	\$0	\$260,046	\$260,046	The recruitment processes took longer than anticipated causing associated delays in project delivery. Climate Action Plan projects identified for the 2021-22 year will be completed by October 2022. Staff roles will continue into the following financial year to deliver projects, as identified in year 2 of the Climate Action Plan Implementation Plan.

80985. Dept of Transport- Community Road Safety - Safe to School	\$0	\$4,382	\$4,382	Council was successful in obtaining a grant for the Community Road Safety - Safe to School program. Program delivery is expected to be completed by June 2023.
81068. Removal of Union Rd Level Crossing - Advocacy to State Govt	\$0	\$34,848	\$34,848	The Union Road level crossing removal is a multi-year State Government major transport project to remove the level crossing at Union Road, Surrey Hills. Project is anticipated for completion by mid-late 2023.
81105. Box Hill to Hawthorn Strategic Cycling Corridor Investigation	\$40,000	\$97,314	\$137,314	Initial quotations for the project exceeded the allocated budget. As a result the project scope has been refined, new quotations sought and a consultant appointed, leading to some delays. Concept plans have been developed and are being reviewed before a stakeholder workshop. The investigations and feasibility study are likely to be completed by December 2022 subject to feedback from key stakeholders.
81106. Back Creek Bridge - Investigation, Design and Implementation	\$0	\$27,000	\$27,000	The scope of works has been refined and a consultant has been appointed to complete the investigation and design. Preliminary investigations including site assessment, full feature survey and a desktop review have been completed. The feasibility study is due to be finalised by end October
81107. Road Improvement Initiatives	\$0	\$10,448		A consultant has been appointed to complete a review of traffic flow and congestion along Auburn Road, between Barkers Road and Toorak Road (including the Monash Freeway intersection). COVID-19 lockdowns and traffic patterns led to delays to traffic surveys and investigations. The report is expected to be completed early 2022-23.
81111. Shared paths - pedestrian priority and accessibility	\$0	\$45,000	\$45,000	Preliminary investigations for an off-road link between Linda Crescent and L.E Bray Park and refinements to the feasibility study for the Mont Albert Road link to Anniversary Trail are underway. Community consultation is intended to occur following Council's consideration of the Bicycle Strategy in July 2022.

71491. Traffic Management Devices	\$0	\$151,830	\$151,830	Design has been delayed due to the Department of Transport response to approve the works and due to further consultation required with residents. Design approval has now been received and works are to be completed by December 2022.
71493. Road Safety Strategy Implementation	\$0	\$16,090	\$16,090	Various road safety improvements have been implemented including a yellow coloured walk safe treatment at the school crossing in Chatfield Avenue, wheel stops in an off-street car park and pavement decals for the 'Safe Route to Schools; program in Balwyr North. Other initiatives under investigation include a kert outstand in Derby Street near Coles loading dock, speed humps in the laneway behind the Doncaster Road shops in Balwyn North and access improvements at disabled parking bays. These works are due to be completed by November 2022.
71636. Roads Resheeting	\$0	\$579,960	\$579,960	Road resheeting works are behind schedule due to an industry shortage of available contract crews and weathe conditions. It is now anticipated that the overall program will be completed by late November 2022.
71818. Kew Croquet Club Pavilion	\$174,105	\$72,643	\$246,748	Completion of this project has been delayed due to extended scope consultation with key stakeholder groups. Practical completion obtained in August 2022.
71866. Park Playground Replacement Program Implementation	\$0	\$173,649	\$173,649	There are delays in project delivery due to lengthened community consultation and delivery of playground components. Project is anticipated for completion by December 2022.
72099. Bicycle & Pedestrian Trails - Implementation of Safety Audit	\$0	\$71,683	\$71,683	This project was delayed pending the endorsement of Council's Bicycle strategy. The strategy has now been approved with works planned to be completed by December 2022.
72116. Crossing Facilities	\$0	\$95,742	\$95,742	This project has been delayed due to the requirement to gain approval from the Department of Transport. It is scheduled to be completed by the end of December 2022.
72248. North Balwyn Tennis	\$0	\$80,100	\$80,100	This project has been delayed due to Melbourne Water and Building Surveyor approvals. Works were completed in September 2022.
72255. Shopping Centre Footpath works	\$0	\$81,261	\$81,261	Extensive consultation with shop keepers has resulted in a delay in delivering this project. Works were completed in September 2022.
72375. Condition 4 safety treatments	\$0	\$30,045	\$30,045	This project was delayed pending the endorsement of Council's Bicycle strategy. This has now been approved with works planned to be completed by the end of November 2022.
72585. Walmer Street bridge	\$0	\$806,357	\$806,357	Walmer Street Bridge has been delayed due to external statutory approvals to ensure heritage and environmenta values are protected. 72684. New Public Toilets	\$119,947	\$150,000	\$269,947	This project will involve the upgrade of toilet facilities at Camberwell Fresh Food Market, supporting other site infrastructure improvements. Delivery of the toilet works has been delayed due to design and procurement process requirements. Works are anticipated to be delivered by December 2022.			
72693. Hawthorn Rowing Ramp	\$0	\$819,304	\$819,304	This is a multi-year project. Government mandated construction restrictions and previous state border closures delayed the implementation of the works earlier in 2021-22. In consultation with key user groups, it was agreed to defer the works to minimise the disruptive impact to the scheduled rowing season and events. Construction has been delayed due to rock being struck during piling. This has required design modification. Works are now due for completion late 2022.			
72699. Shopping Centre Improvement Plan - Investigation and Design	\$20,000	\$71,633	\$91,633	The design of Dickens Corner Shopping Centre is at 80% detailed design. Due to COVID-19 impacts the consultation and completion of design has been forecast for completion in 2022-23.			
72712. Willsmere Park pavilion	\$1,117,000	\$45,228	\$1,162,228	This is a multi-year project. Design and broader consultation has been delayed due to site constraint challenges and market conditions resulting in higher than anticipated costs. Adjustment of the project scope, redesign and community consultation will extend the design program into 2023, with procurement and delivery of works to follow with completion scheduled for the 2023 24 year.			
72713. Greythorn Park pavilion	\$0	\$9,942	\$9,942	This is a multi-year project. Design of the proposed pavilion renewal works is underway and will continue into 2022-23. The construction is budgeted to be completed in 2023-24.			
72757. Dog Off Leash Park	\$20,000	\$62,046	\$82,046	The delivery of the project was delayed due to lack of contractor availability due to COVID-19. Works are scheduled for completion in 2022-23.			
72768. Diversity Inclusion and Participation (DIP) Pavilion program	\$0	\$243,633	\$243,633	Delivery of minor pavilion upgrade works under the Diversity, Inclusion and Participation Program (DIPP) has been largely completed with some smaller projects deferred to manage budget risks. A further minor project will be confirmed and delivered by February 2023.			
72797. Rathmines Reserve	\$0	\$15,000	\$15,000	The building project has been successfully completed. Some additional minor landscape and maintenance works were identified and delivered in August 2022.			
72798. Lewin Reserve	\$200,000	(\$42,331)	\$157,669	Due to an extended consultation period, construction is now scheduled to commence in 2022-23.			
72836. Victoria Park Regional Playground	\$0	\$618,915		This is a multi-year project and construction is well advanced. The project is tracking slightly behind forecast due to weather and delays in supply of equipment. Project completion is now scheduled for completion November 2022.			
72848. Neighbourhood Shopping Centre Improvements Pilot - Maling Road	\$246,555	\$267,637	\$514,192	The laneway projects have been delayed due to challenges in obtaining external authority approvals from VicTrack and CitiPower to enable construction to commence. 72888. West Hawthorn Kindergarten Hawthorn - 67 Church St to Smart	\$0	\$80,000		Delays in obtaining approval from Department of Transport to work near tram lines delayed the commencement of this project. The works were completed in September 2022.				
72911. Frog Hollow Pavilion	\$155,000	(\$12,324)	\$142,676	This is a multi-year project. Project has been delayed due to clarification of scope and engagement of the design consultant team. Construction will commence in 2022-23 with completion expected during the 2023-24 financial year.				
72921. Ferndale Park	\$135,000	\$45,047	\$180,047	This is a multi-year project. Extensive consultation with internal and external stakeholders was required in order to establish the scope of works. The project is now in the schematic design stage. The design works are scheduled for completion by end of 2022 ready for tendering early 2023. This project is expected to be completed in 2024-25.				
72922. Canterbury Sportsground	\$900,000	\$39,461		The Canterbury Sportsground pavilion project has received a significant grant contribution from the Victorian State Government which allows reconsideration of the project scope to accommodate sports club priorities. Due to the restricted nature of the site, re-design is required to achieve a suitable outcome which meets both sports club and broader community objectives. The re-design and consultation process will result in program delivery, and is now anticipated in late 2023.				
72924. Maranoa Gardens Groundskeeper building	\$25,000	\$22,130	\$47,130	Due to amendments to the project budget, the original project has been put on hold until a report is taken to Council to confirm the revised project scope. Project is anticipated for completion by June 2023.
